

April 29, 2013

Matthew,

I wanted to send you a quick letter just to let you know I continue to get compliments from everyone in town about the announcer from Bullnanza. The Board of Directors at the Dimmitt County Chamber of Commerce cannot say enough about the job you do for their event, and let me know just how important it is that I get you booked for next year's event in Carrizo Springs. When I was asked to produce this event seven years ago I knew my first order of business had to be to get you down here, and that remains to be my priority every year.

I want to personally thank you for the job you do during the performance and all the preparation you do prior to our event. It's so important that our sponsors are satisfied with the investment they have made and you have been so good at making sure my obligation to them is fulfilled. I realize the set-up in Carrizo Springs is not ideal for a stand-alone bullriding event. There are times when we have trouble in the back pens, but you're so good at filling that down time and keeping the audience's attention.

For seven years you've made my job easier, and I hope that you will continue to help us make the Dimmitt County Bullnanza a successful event. This event is something I pour everything I have into and I know you recognize and respect just how important it is to our little town.

Many Thanks,

A handwritten signature in black ink, appearing to read "Marshall Schlessiger". The signature is fluid and cursive, with a long horizontal stroke at the end.

Marshall Schlessiger
